# Delivering Great Service to your door.

Whether it's a new installation, retrofit, or maintenance program, Canadoor is your trusted commercial partner for strength, performance, and dependability — every door, every time.

## Reliable Partners, Real People

Canadoor is locally owned and operated, with a professional team that's easy to work with and always available to support your projects. We partner closely with builders, property managers, and facility teams to ensure your doors perform safely and efficiently for years to come.

## **KEEP YOUR DOORS MOVING — PREVENT BREAKDOWNS BEFORE THEY HAPPEN**

- Scheduled inspections and tune-ups tailored to your facility's needs
- Priority service and reduced downtime with proactive maintenance
- Extend equipment lifespan and protect your operational efficiency

## **A Team of Certified Experts, Ready When You Need Us Most**

---

## 01 BUILT FOR BUSINESS

From warehouses to dealerships, logistics facilities to storefronts, Canadoor delivers durable, high-performance door systems built to meet the demands of your business. We understand uptime, safety, and access efficiency are critical, and we build solutions that work as hard as you do.

## 02 EXPERT INSTALLATION & CERTIFIED TECHNICIANS

Our commercial technicians are certified, experienced, and equipped with industry-leading Milwaukee Tools. Every install is done to specification, with a focus on precision, compliance, and long-term reliability.

- Trained through Canadoor's in-house certification program
- Equipped for all commercial and industrial door types
- Backed by safety protocols and WSIB compliance

## 03 A REPUTATION YOU CAN COUNT ON

- Recognized among the IDA Top 100 Door Dealers in North America
- Proven track record across Ontario's commercial and industrial sectors
- Backed by exceptional customer feedback and repeat partnerships

## 04 PREMIUM PRODUCTS & TRUSTED BRANDS

We partner with top manufacturers, offering a full range of sectional, rolling steel, and high-speed doors designed for performance and durability.

- Energy-efficient, weather-sealed options for all climates
- Advanced operators and access systems for secure control
- Custom-engineered solutions for unique site needs

## 05 RESPONSIVE SERVICE & PREVENTATIVE MAINTENANCE

Downtime costs money — that's why our commercial service team is known for fast response times and preventative maintenance programs that keep your doors running smoothly year-round.

- 24/7 emergency service available
- Tailored maintenance schedules for your facility
- Minimized operational interruptions

## OUR FLEET

Behind every Canadoor call is a fleet built for results. With more than 25 custom-outfitted service vehicles on the road, each fully stocked with tools and replacement parts, our technicians are equipped to diagnose, repair, and service your doors efficiently.

Because getting it done right the first time isn't just our goal, it's our standard.

## Beyond the Door, Partnerships That Last

Service doesn't end when the doors are installed — it's where our partnership begins. Our account management team delivers unmatched ongoing support to keep your business moving.
